

Amplifier card COB1808

The COB1808 board is a complete Class D audio amplifier in 2.0 with 25W+25W RMS The kit includes 2 Bluetooth and Wi-Fi modules to receive the audio signal wirelessly from a foreign source, process it and output the audio file via the amplifier, but also relay it wirelessly to another identical module, working in cascade. Powered at 24VDC, it has the possibility of different settings via dip-switches and is equipped with two buttons for programming and initial settings.

Board technology	Class D audio amplifier
Number of keys	2
Backlighting	No
Operation timer	Yes
BT / Wi-Fi Technology	Yes
Customisable functionality	Yes
Conformity	CE

Input voltage	24VDC
Display	No
Acoustic signaller	Yes
Remote control technology	Connections with smartphones
Plastic protection containers	No
Product size	166x60 mm

Field of application:

Audio system
