Control board COB1612

Electronic control board with soft touch technology and radio frequency. Equipped with an ON-OFF button for switching the system on and off, 4 green LEDs + 1 red LED for statu signalling. It includes a 433 MHz radio frequency receiver module with a choice of super iterative or regenerative. It has the possibility of a support remote control always in radio frequency that can be calibrated and programmed for the equipment to which it is dedicated and, above all, the firmware is customisable.

Board technology	Radio frequency + soft touch
Number of keys	1
Backlighting	Yes
Operation timer	Yes
BT / Wi-Fi Technology	Optional
Customisable functionality	Yes
Conformity	CE

Input voltage	12VDC
Display	No
Acoustic signaller	Optional
Remote control technology	Yes
Plastic protection containers	Yes
Product size	135x23 mm

Field of application:

Professional extractor hoods | Extractor hoods | Ozonisers | Heating beds SPA
