

Electronic kit MULTIAYR-EMS

The MULTIAYR-EMS model is an electronic kit for managing a single-phase or three phase asynchronous motor. It is a switchboard with ON-OFF technology and managed by contactor. It is equipped with electromechanical push-button controls, with backlighting on the Start button. Finally, it is equipped with micro consensus for protection or safety in operation.

Input voltage	230VAC or 400VAC
Max engine power	4.0kW or 12.5kW
Input 0-10V	On request
Display	No
Multiple operation	No
Safety current max	Adjustable
Product size	200x100x256 mm

Output voltage	230VAC or 400VAC
12V auxiliary output	No
Controls	Electromechanical push-button
Remote control	No
Wi-Fi expandable	No
IP Protection	IP54
Conformity	CE

Field of application:

Andra single-phase and three-phase solutions
